CAREER OBJECTIVE

To start my career in the IT industry where I can utilize my programming knowledge, problem solving ability, and eagerness to learn new technologies while contributing effectively to software development and organizational growth.

EDUCATION

Gates Institute of Technology, Gooty *2023 – Present*
B.Tech in CSE – Computer Science and Engineering | CGPA: 8.52

Narayana Junior College, Anantapur *2023*
MPC, Board of Intermediate Education, Andhra Pradesh | 90.4%

Prasad English Medium High School, Anantapur *2021*
SSC, Board of Secondary Education, Andhra Pradesh | 98.5%

SKILLS

- Programming: Python
- Web Technologies: HTML, CSS
- Tools & Platforms: VS Code, GitHub, Jupyter Notebook
- Soft Skills: Problem-solving, Time Management, Adaptability, Teamwork

PROJECTS

Patient Health Care Management System

- Built a system to manage and analyze patient records — personal details, registration dates, and insurance information
- Cleaned and preprocessed data and derived demographic insights such as age, gender distribution, and insurance breakdown.

AI Meeting Minutes Generator Agent

- Developed an AI agent that converts raw meeting transcripts into structured minutes using the Google Gemini API, with a Streamlit web interface for one-click generation.
- Designed prompts to extract summaries, key discussion points, decisions, responsibilities, and action items, displayed in a clean, shareable format.

INTERNSHIP

Python & Django Virtual Internship — APSCHE & AICTE

- Completed a virtual internship on core Python and the Django web framework under the AICTE–APSCHE program, gaining hands-on exposure to OOP and web application development.

CERTIFICATIONS

- Python Programming — APSCHE
- Front End Development — Skill Up
- Introduction to Soft Skills — TCS ION

ACHIEVEMENTS & INTERESTS

- Have a member in IEI Student Chapter
- Python full stack, Backend Development, Software Engineering

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
